ANNOUNCING THE OPENING OF OUR
EXTENDED SHOPPING HOURS

Yep, you are now able to shop at Canterbury Quilts whenever you wish.

We have spent a long time developing an on-line shop that will meet the needs of our customers who enjoy the online shopping experience. This will also provide a much simpler shopping process for our many interstate customers too.

As with any new venture there are bound to be some teething problems, (hopefully if they eventuate they will only be hiccups!!) but because I am realistic enough to realise this, I am offering my customers who receive their newsletters via email the first sneak peek at the site and naturally any feedback is very welcome. AND, as a special introductory offer—any online purchases you make between now and the 15th January will receive a free gift pack of goodies included in your parcel. This is my way of thanking you for trialling our new site and for your customer loyalty.
